

## Our Aims for MFL in St Alban's

Our aim is to give children an opportunity to enjoy learning about a different language and culture, while gaining the skills that they need to confidently communicate orally using that language. As their learning progresses, their confidence in reading and writing the language will also grow, laying the foundations needed for their future language learning in KS3 and beyond.

## Language Angels

We use Language Angels Curriculum to deliver MFL across KS2. The programme provides a series of units, for which PowerPoints, worksheets and interactive games are provided. Wherever spoken language is needed, a recorded version is available to share with the children before using it together in the lesson, which supports those of us who may not have learned French before or who might not feel confident teaching it.

*Language Angels award-winning language teaching resources are designed to allow primary school teachers, irrespective of their linguistic ability, to teach the foreign language of their choice.*

*With more than 26 teaching units (each designed to run for 6 weeks) there are enough Language Angels resources to enable you to teach the language of your choice for 4 complete school years.*

*All of our units are organised into easy to understand, clearly defined categories that enable you to pick the right unit for the level of ability of your class.*

*Units vary from our easiest **Early Language Units** (which are ideal for children with little or no previous foreign language knowledge) to our **Intermediate Units** (ideal for pupils building up their foreign language expertise) through our **Creative Curriculum Units** (which tie in to familiar curriculum topics) and finally to our **Progressive Units** (which are great for extending and challenging pupils with a sound understanding of the basics of the language they are learning).*

## Language Angels in our School

The scheme provides an overview of units for KS2 which, when taught in order, build pupils' oral and written skills in a logical and progressive way:

Year	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
3	J'apprends Le Francais	Les Animaux	Les Formes	Les Saisons	Je Peux	Les Fruits/Les Legumes
4	Je Me Presente	Ma Famille	En Classe	La Date	As-Tu Un Animal?	Au Salon de The
5	Au Salon de The	Chez Moi	Les Habitats	Les Vetements	Quel Temps Fait-il?	Traditions et Celebrations
6	La Date	Le Week-end	A L'ecole	Manger a Bouger	SATS – revise prior units	Moi dans le Monde

We will regularly review where we are with the units and if classes are making particularly good progress (which we aim for them to do), we may be able to move more quickly with some units to enable us to move more quickly to the whole school plan outlined above.
